CAMERON, MILAM COUNTY, TEXAS, February 23, 1970

WINTER SPORT in Milam County includes chasing bobcats and Charlie Shuffield's three beagles ran this one for two hours through the woods near Gause Thursday afternoon. Shuffield shot the cat after it

tried to jump on his hunting companion. He says he usually runs bobcats just for the fun of it and this was the first time he'd killed one.

## Lawmen Investigate Burglaries, Gunfire

### Yoemen Defend 19AA Title

Cameron's Yoemen will do something tomorrow night they haven't done in 17 years: defend a district basketball crown. Tuesday night the Yoemen will tangle with District 20-A champion Luling at Blinn College in Brenham. The Eagles of Luling have a very impressive record with a 26 win, 2 loss season. Perhaps responsible for the Eagles' success are their two big men, both 6' 2". Willie Ellison averaged 18.5 points per game, and Ben Kelley had a 15 point average.

Coach Tom Milford of Luling said the Eagles held their own in rebounding, and have a balanced scoring attack hitting well from both outside and in. Coach Milford said his bench strength will come from 6' 5" Mike Burris and reserve guard John Brown. The Eagles have averaged 55 points per game for the season.

Robert Brashear, averaging 17.9 points, and Johnny Steamer, averaging 12.4 points, are the two Yoemen Coach Milford feels his charges will have to stop if they have any hope of winning the game.

In their first meeting this season Luling walked off with a 61 to 40 win at the expense of Yoe. Luling feels this is not indicative of the coming contest, as Steamer was far below par in the initial meeting, netting only four points. Cameron scored 1543 points for the season, averaging 35.6 per cent from the floor and an even 56 per cent from the free throw line. Cameron averaged 55.1 points per game for the season.

Members of the 1969-70 Yoemen basketball squad are: Robert Brashear, 5' 10" Jr.; Ken McLerran, 5' 8" Jr.; Willie White, 5' 10" Sr.; Mike Zajcek, 5' 10" Jr.; Norman Trubee, 5' 10" Jr.; Jim Bailey, 5' 9" Sr.; Mike Zelisko, 5' 10" Jr.; Jerry Richardson, 5' 11" Jr.; Dean Prokisch, 5' 9" Jr.; Johnny Steamer, 6' 1" Sr.; Sam Knight, 5' 10" Sr.; and Larry McClaren, 6' 3" Sr.

### Random Bullets Hit Burlington

Federal investigators are aiding local law enforcement officials in the search for burglars who broke into several local businesses and the National Guard Armory Tuesday night. County officers are also searching for a car whose occupants rode through Burlington Thursday night, riddling cars and buildings with bullets.

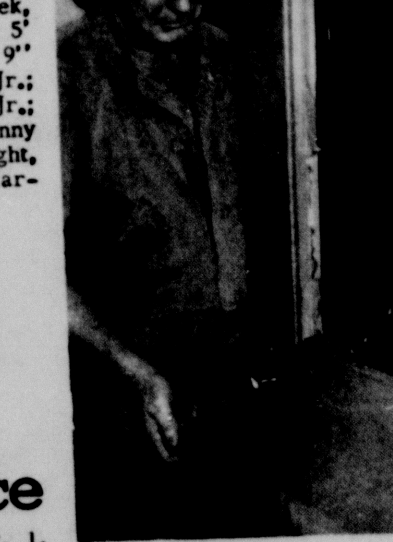

The gunmen also fired into a house in Rosebud and escaped while city officers and firemen were battling two fires there in the middle of the night.

City police reported that burglaries occurred at the Amory, Durr Distributing Co. at 301 West Gillis St., and the Falstaff Distributing Co. on East First St. Rifles were also taken from two pickup trucks.

Law officers speculate that the burglaries were staged by the same person or persons, since an iron bar was used to gain entrance at each scene.

A steel door was forced open at the rear of the Amory and several windows were broken, apparently with a heavy iron bar. Two typewriters were taken from the office after a glass panel in the door was shattered.

Attempts to force a locked steel door inside the building were abandoned and the burglars apparently tried to get in through side windows. Steel cabinets inside the room up against the windows were dented when the bar was shoved through the windows.

OFFICE DOOR at National Guard Armory broken by burglars is checked by Martin Fuller, maintenance supervisor for the Texas Armory Board at Austin.

Federal Bureau of Investigation agents are investigating the Amory burglary, since it is a federal installation.

An adding machine and a typewriter were stolen from the Durr building where burglars forced a door to gain entrance. Mrs. M. C. Durr said they apparently started to take a radio from the office, but left it on the floor.

At the Falstaff Co. office, an adding machine was taken and an attempt made to open the safe. Police Chief John Shearin said the knobs were broken off the safe but the thieves may have gotten a dose of tear gas, which was set to go off if burglary attempts were made. Shearin said the office still had tear gas in the air on Wednesday morning when officers arrived.

Two .22 rifles were stolen Thursday night also, one from a pickup belonging to Walter Wallace at 2004 N. Fannin, and the other from Ronald Bryan's truck at Brady Apartments in the same block.

### BURLINGTON DAMAGE

Several Burlington residents reported damage to car glass and tires from bullets fired by occupants of a car Thursday night. The vehicles were parked near homes and were all unoccupied.

The gunfire was reported to have damaged a telephone booth and a filling station building in the community. Bullets also hit some fertilizer storage tanks along the road.

Car windshields, windows, and tires were shot at random as the car drove through town, reports stated. Gunfire began about 11:30. One resident who called the sheriff described the car as light-colored, but could not see the occupants.

The car went to Rosebud and one shot was fired into a home there. No one was injured, although an unofficial report said the bullet entered a mattress on which a man was sleeping.

When the Sheriff radioed to officers in Rosebud for help in apprehending the car, they were busy helping firemen fight two fires at the same time: a burning car in front of the hospital, and a burning house across town. "With all that going on," a Rosebud City Hall employee said, "the car escaped out of town before anyone could see it."

### BURGLARY COUNT UP

Chief Shearin said the Tuesday burglaries bring the 1970 total in the City to six, as compared to four for all of 1969. He added that DPS officers are checking fingerprints and that several leads in the Tuesday night breakins are being investigated.

SEVERAL WINDOWS were broken on north side of National Guard Armory in an attempt to enter a locked room inside the building. Alfred Smith, Texas Armory Board maintenance supervisor, surveys damage to screen and steel cabinets inside the room.

## Future Farmers Learn And Earn

"FFA is a chance to earn while you learn," Cornelius Tittsworth, Yoe Chapter advisor, said of the local Future Farmers program this week. FFA is being spotlighted Feb. 21-28 with a nationwide theme "FFA... emphasis agriculture."

"The local chapter is 143 strong with individual projects ranging from leadership skills to gardening," Tittsworth said. The boys earned \$29,019.89 while practicing livestock and farming skills in production projects during 1969.

It has been a big year for local group. National recognition came in two fields at the FFA convention in Kansas City, first national awards in the history of the chapter. Tim Tittsworth won the National Resource Development Award for project in soil conservation, wild life conservation, fish production and coastal grass establishment. John McLerran (now a college student) received the American Farmer Award for his livestock project while in Yoe FFA.

Team work is important according to advisors Tittsworth and Bobby Carter, and competition between chapters is strong. Yoe's Jr. Farm Skills team won first in district and third in area competition this year and the Sr. team won first in second, first in district and third in area with a script on rat control. And the FFA Quiz Team won first in District and second in area.

Far from a "social club," FFA is an educational, non-profit nonpolitical organization to develop agricultural leadership, character, thrift, scholarship, cooperation, citizenship and patriotism.

Programs emphasis: Belief in God as we understand Him; The importance of the individual; The dignity of work; Private ownership of property; The government as a protector, not a provider.

## Ivey Heads FHA Swine Committee

The State director of the Farmers Home Administration recently announced the appointment of various county supervisors to serve on a statewide Approved Swine Project committee.

Henry N. Ivey, Milam County supervisor for Cameron FFA was appointed State coordinating chairman of the committee and Joe C. Beard of Carthage will serve as vice-chairman.

An approved operating process and building requirements for Approved Swine Projects will be set up by the committee and used throughout the state. The goal is from one to three projects in each county unit.

An organizational meeting of this committee was held in the State Office of the FFA in Temple on February 16.

## Mrs. Pavelek Rites Held

Mrs. Eddie Pavelek, 56, died at her home Wednesday at 6 p.m. after a long illness. She was born at Marak and lived in Milam County all her life. She was a member of the Mothers Society and the KJZI Lodge.

Funeral services were held at 10 a.m. Saturday at St. Monica's Catholic Church, the Rev. John Geiser and the Rev. Emiliano Foltyn officiating. Burial was in the church cemetery.

Rosary was recited at 7 p.m. Friday at Marek-Burns Funeral Home.

Surviving are her husband; three sons, Edward Joe Pavelek of Dallas, James Pavelek of Oakland, Calif., and George Pavelek, U. S. Army, Ft. Lewis, Wash.; her mother, Mrs. Vincie Mayer of Cameron; four brothers, Vince Mayer, Rudolph Mayer, and Joe Mayer, all of Cameron, and Charlie Mayer of Buckholts.

Four sisters also survive, Mrs. Mary Kolodziej and Mrs. Vincie Juneke, both of Cameron, Mrs. Agnes McKittick of Oceanide, Calif., and Mrs. Martha Stuehff of Cedar City, Utah; also three grandchildren.

Palbearers were Eddie Pavelek, James Pavelek, George Pavelek, Joe Mayer Jr., Fred Mayer and Marvin Juneke Jr.

## 53 Apply For Census

An examination for applicants for the position of census taker was held on Monday afternoon in the Education Building of the First Baptist Church here in Cameron, with Alan Linville, supervisor crew leader conducting the tests.

Fifty-three people from all sections of Milam County, the majority of them women, took the examination which was a qualification test for census takers in the upcoming 1970 census.

Milam Republican Party County Chairman J. Estel Johnston of Rockdale, said the county's quota would be 27 census takers, and he was pleased at the large number of applicants which would ensure enough qualified workers for the positions.

Hiring of census takers is traditionally by recommendation of the county chairman of the political party in power.

Linville told the applicants they will be informed by mail within three to five weeks if they pass the exam and were being employed. The census will begin about the first of April.

When a newspaper reporter starts to run down facts in a story such as the one about the Thursday night gunfire in Burlington, sometimes the rumor reports objects bigger than life.

Such was the case when a Herald reporter discovered that the "telephone office" at Burlington reported by an excited resident to be on the bullet-ridden list, is really only a telephone booth.

This gives rise to strong impulse, strictly forbidden in the newspaper business, to quote "an unreliable news source."

NOW-NOW-NOW

Just last Sunday Rosebud was hit by vandals and thieves, who put bullet holes in plate glass windows and shot into a parked car, stole money and merchandise, and destroyed property.

It seems that small towns are no longer immune to the destruction and disruption that once considered "big city stuff."

## Carload Was Really Full; 15 Jailed

Fourteen "wetbacks" spent Thursday night in Milam County jail -- and had the dubious pleasure of stretching their legs after traveling crammed up for hundreds of miles.

The 14 men and the driver of a 1961 Chevrolet station wagon were picked up by county officers after DPS patrolmen Milton Wright stopped the car and discovered the illegal travelers.

Wright noticed the car weaving on Highway 77 near the Ponderosa restaurant and stopped it to check the driver's license. The driver, was identified as John Estrada and gave his address as Mission, Texas. The carload of wetbacks was on its way to Michigan according to Sheriff Carl Black.

The men, ranging in age from 19 to 37, were lying in the back of the station wagon, with two sitting in the front seat with the driver. Side and back windows of the vehicle were curtained.

Wright said a five-gallon oil can was also crowded into the back of the vehicle with the men, who were described as "small."

The Sheriff called immigration authorities in San Antonio to come pick up the 15 men.

## TPEA MEETS AT BRYAN FRIDAY

The regular meeting of the Brazos Valley Chapter of the Texas Public Employees Association will be held at 7:30 p.m. Friday, February 27, at the Texas Highway Department district headquarters in Bryan.

Donald Frye, president of the State association, will be the principal speaker. All State employees in this area are urged to attend.

## 4th Filing In School Board Race

Mrs. Reeves Brown, Rt. 1, Cameron, filed as a candidate for the Cameron school board election this week. The latest filing created a four way race for three seats on the board.

Incumbents John Martin, Forrest Sapp and Charles McDermott filed previously.

Mrs. Brown is seeking her first term on the local board. McDermott and Sapp were first elected to the board in 1964. Martin, School Board Secretary was elected in 1968.

Deadline for filing in the April 4 school election is March 5.

## Judge Upholds Doctor's Contract

Judge D.B. Wood of Georgetown upheld the temporary injunction granted by Judge W.C. Wallace in the hearing of Dr. W. R. Newton vs. Dr. L.L. Nigiazzo Wednesday morning in 20th District Court.

Judge Wood upheld a restrictive covenant in the contract between Nigiazzo and Newton which stated that should the contract be terminated, Nigiazzo would refrain from practicing within 30 miles of Cameron for four years. The judge reduced the time of the contract from four to two years.

Dr. Newton had filed the suit against Dr. Nigiazzo claiming he was in violation of their contract in attempting to open a medical clinic in Rockdale.

Testimony was heard all day

Tuesday from witnesses for both Dr. Newton and Dr. Nigiazzo. Most of those testifying stated the shortage and need for more doctors in Cameron and Rockdale.

Accusations were made by Dr. Newton to the character and behavior of Dr. Nigiazzo which Dr. Nigiazzo denied.

In a corresponding suit filed by Newton Memorial Hospital against Dr. Nigiazzo to obtain certain medical records alleged to be in his possession, Dr. Nigiazzo returned the records of his own will and the suit was dismissed.

Dr. Nigiazzo said, "We will take this all the way to the Supreme Court if we have to." He was speaking of the injunction decision. Dr. Newton had no comment about the case.

## Service For Mrs. Heath

Mrs. W. A. Heath, 77, died Wednesday afternoon in a Marlin hospital after a long illness. Mrs. Heath was born July 13, 1892 in Walker County. She had lived in Cameron many years.

Funeral services were held at 10 a.m. Friday at Marek-Burns Funeral Home chapel, the Rev. J. E. Lafferty officiating. Burial was in the McAdams Cemetery at Bedias.

Surviving are her husband; two sons, Roy Heath of Waco and Joe Bill Heath of Pasadena; a daughter, Mrs. Kallie P. Preiss of Houston; and five grandchildren.

Palbearers were Roy Griffith, Lloyd Lagere, Jess Brock, John Lott, Tom Little and Elliot Crook.

REV. ROCCO PERONE

## St. Monica's Sets Special Program

The Rev. Rocco Perone will conduct a Spiritual Renewal Program at St. Monica's Catholic Church, beginning Sunday, March 1, and closing on Friday, March 6. Morning Masses will be at 8 a.m. Evening services, beginning at 7:30 p.m., will consist of prayers, sermon, open discussion, and Mass or Benediction. A program for the children will also be conducted during the day. Sermons for the week will be concerned with the main themes of the recent Vatican Council and an updated presentation of the truths of the Catholic religion. Topics include: Is American Society Sick? ... A Bachelor Discusses Marriage ... You Only Live Twice ... Skip The Metre-cial ... The Christian Answer to Civil Riots ... What's Old in the New Morality ... The Christian Revolution Today. Each sermon will be followed by an open discussion in which all may participate. The missionary will also be available for personal spiritual counseling.

Father John T. Geiser, pastor of St. Monica's, invited all Cameron citizens to attend the services. "In this age of Ecumenism," he said, "it is more important than ever that good and sincere people of different faiths try to know and understand each other better ... the mission revival can do much to help achieve this purpose."

Father Perone is a native of Hartford, Conn., and a member of the Paulist Fathers, a Society of priests founded in New York in 1858.

# WORSHIP IN CHURCH

WHAT a tragic figure this man makes! But he never intended to make this picture. The first mile of this road did not look like this. But a great Teacher in the long ago warned him and us that we must choose the path on which we enter. *There is one way that looks hard at the first but it "leads to life, and those who find it are few."* So many are attracted to 'the other way' that is easy at first, but it leads to destruction, and those who enter it are many.

How necessary that we older folk shall guide wisely the young feet! Shall I "go to heaven" as the goal of my living? Look at my feet this very moment. Which way are they pointing? *"Heaven is being on the way to heaven"* and heavenly people are journeying there together now. Will my "last mile" be one of pathetic regrets and of sorrowful steps? Shall I leave grief and sorrow in the hearts of those who love me? Now is the time to answer that question. For *"Despair is being on the way to despair."* Which way did our feet move yesterday? What is the goal we have set before us this day? *Your Church Can Help You.*

THE last drink will not destroy us, if we had not taken the first. The 'last mile' of hatred and malice will not come to us if we do not allow unkindness and jealousy and envy to creep along with us through the first miles. The end of the way will not be vulgar and vicious unless we have forsaken the path of decency and of integrity further back. Every one of us is choosing this day the road we shall take. *"But as for me and my house, we will serve the Lord"* and do His will. May this be our resolve today.

**YOU IN THE CHURCH  
THE CHURCH IN YOU**  
Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial and a molding religious character. Statesmen today should realize that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCH GOER and a daily BIBLE READER.

# Highway Dept. Reviews Rules For Registration

AUSTIN — The Texas Highway Department today reminded motorists of some DOs and DON'Ts for obtaining 1970 motor vehicle registrations.

The Motor Vehicle Registration Division of the Department has initiated a new computerized registration system this year. In the past motorists have had to take their previous year's registration and auto title to the county tax collector's office or substation to obtain new license plates.

This year motorists were mailed a three-part computer-oriented registration form about January 1.

If a motorist wishes to renew his registration by mail he should mail the three-part form to his county tax collector, with his check for the registration fee plus one extra dollar to cover postage and handling. Some county tax collectors will accept only money orders or cashier's checks.

If a motorist wishes to renew his registration in person he should take the three-part registration form to his county tax collector's office or substation with his check or money order.

Mail orders will be accepted only until March 1, allowing 30 days for delivery. Registrations will be made in person through midnight April 1, deadline for obtaining new auto license plates.

The Highway Department's list of DOs and DON'Ts for all motorists:

DON'T throw away your three-part registration application; it may be used both for mail and in-person vehicle registration.

DON'T write on, mar or otherwise mutilate the three-part form. However, DO show your correct address in accord with instructions on the form if the address on the form is incorrect. DON'T separate the three parts of the form; DO take to your county tax collector or mail it in one piece.

DON'T send your application to the Highway Department Motor Vehicle Division in Austin; DO send it to your county tax collector and DO enclose the amount of your registration fee and an extra dollar if ordering by mail. DO send your application before March 1 if ordering by

mail; no mail applications will be processed after March 1. If you did not receive a three-part registration form in the mail, or if you have lost it, DO take last year's motor vehicle registration and your car title to your county tax collector's office or branch station. Your vehicle registration will be processed as before and you'll receive a time-saving computerized form next year.

Remember, you will save time at your county tax collector's office if you use the computerized form. There is no extra charge if you obtain your license plates in person.

## Fiddler On The Roof Coming To Bryan March 1

The internationally acclaimed musical "Fiddler on the Roof" will be staged March 1 at the Bryan Civic Auditorium through Town Hall at Texas A&M University.

The Harold Prince tour production will appear as a TAMU Special Attraction for which tickets go on sale Thursday.

Performances will be at 2:30 and 8:30 p.m., announced Town Hall chairman Rex Stewart.

Currently performed by 15 companies playing around the world, "Fiddler on the Roof" is the story of dairyman Tevye and his flock of marriageable daughters.

Tevye, summarized by one of the more than score of "Fid-

dler's" leading men who have played the role in 17 different countries, embodies "all that is selfless and heroic in humanity."

"As Everyman, he's like all of us. He doesn't want trouble, but if it arrives, he adjusts to it," they continue. "He rejects the easy, conformist solutions to his family's difficulties and chooses instead the truly good, if harder way."

"That's why Sholom Aleichem's Tevye is a universal man, a man of essential dignity whose life constantly hovers between tears and laughter," the description adds. He will be played in Bryan by Bob Carroll.

Tickets for the Bryan performance will be available only at the Student Program Office in the Memorial Student Center. Matinee prices are \$5.50, \$4.50 and \$3; evening, \$6.50, \$5.50 and \$3.50.

## Scholarship Offered To Ag Students

State Rep. Dan Kubiak announced in Austin today that there are approximately 10 to 15 scholarships available at Texas A&M University for students who are interested in a career in agriculture, production or careers in the field of agriculture.

The Board of Directors at Texas A&M University has appropriated funds to establish the Stiles Farm Foundation Scholarship Fund.

Scholarship grants of \$500 per academic year will be made available to the recipients of these scholarships. The scholarship committee in the College of Agriculture will review the student's academic performance each year and make recommendations to the dean. Thus a student may receive up to \$2000 during four years of college study, Kubiak stated.

Students or seniors in high school and those attending another college are eligible to compete for these scholarships, however, the student must major in an agricultural degree program at Texas A&M University. Forms may be obtained by writing Dan Kubiak, P. O. Box 272, Rockdale, Texas 76567.

## 1040 U.S. Individual Taxpayers Ask IRS

This column of questions and answers on federal tax matters is provided by the local office of the U.S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q My tax forms came all right but my son's didn't even though he is now working full-time. What should he do?

A A tax forms package is mailed each year to everyone who filed a return the previous year. If your son filed last year, he should have received one by now. If not, he can obtain 1969 tax forms and instructions at a local IRS office, post office, or bank.

Q I'm single but I do support my niece who lives with me. Can I file as head of household?

A If your niece qualifies as your dependent, you may be able to file as head of household. Check your 1040 instructions for details.

Q If I seek outside help with my tax return, how should I go about it?

A Call your local accounting, legal or tax practitioner association and ask them for

the names of qualified people. In choosing someone, here are things to look for:

- 1) avoid the man who "guarantees" you a refund
- 2) be on guard if he suggests the refund be sent to his address.

You are legally responsible for every item on the return even though someone else has helped you prepare it. So you should never sign a blank tax return or one that has been prepared in pencil.

Your advisor should sign the return, too, indicating that he helped you with it.

Be sure the return you file has the pre-addressed label on it that came with your tax form package. The top label can be lifted off the form it came on and put on another, if necessary. Double check the information on the label for accuracy. Corrections may be made on the label itself.

Q Where should I send my

tax return?

A Send it to the IRS service center for your district. An envelope addressed to the service center was included in all tax packages. If you have misplaced yours, look in the 1040 instructions (page 1040-1) for the address to use.

Q My son is in the Service and last week he got his W-2 forms from a former employer. Does he have to file a tax return?

A Yes, if his income was \$600 or more last year. A return also has to be filed to obtain a refund of withheld taxes even if income was less than \$600. However, if he is stationed overseas, he has additional time to file his return. Taxpayers out of the country have an automatic extension from April 15 to June 15 to file 1969 returns. If your son is in Vietnam, his return isn't due until 180 days after he leaves that area.

Q Are medicare premiums deductible?

A Yes, premiums for Medicare and other medical insurance are deductible if you itemize expenses on your return using Schedule A.

CAMERON, TEXAS, HERALD, FEB. 23, 1970 PAGE 3

Don't forget that medical insurance premiums are handled differently than other medical expenses. One half of these premiums up to a maximum of \$150 may be deducted without regard for the 3 percent limitation generally imposed on medical expenses. The balance is included with your other medical expenses.

Details on deducting medical insurance premiums and other medical expenses can be found on the back of Schedule A.

Q Is interest from U.S. Savings Bonds taxable?

A Yes, this interest income is taxable and can either be reported each year as it is earned or all at once when the bonds are redeemed or when they mature. If you elect the yearly method of reporting, you must continue with it on all future bond purchases until you obtain permission from the IRS to change the method of reporting.

The interest from the savings bonds should be added to your interest income from other sources and entered on line 13 of Form 1040. If the amount is \$100 or less, only the total need be entered.

When interest income is over \$100, the amounts and the source must be reported on Schedule B. This schedule should be attached to your Form 1040.

## Karel Husa To Conduct At Baylor

Karel Husa, winner of the 1969 Pulitzer Prize in composition, will be guest composer at Baylor University's sixth annual Festival of 20th Century Music.

Husa will conduct the Baylor Symphonic Band in a performance of his "Music for Prague 1968" in an 8:15 p.m. concert Tuesday, Feb. 24 in Waco Hall on the Baylor campus.

The concert is open to the public without charge. Born in 1921 in Prague, Czechoslovakia, Husa composed the piece in 1968 after the Russian seizure of the city. The composition has been performed more than 200 times since its premiere performance Jan. 31, 1969 in Washington.

As part of the opening night concert the symphonic band will also perform Giannini's "Variations and Fugue."

## University Offers Weather Summaries

Brief summaries of Texas weather conditions as they exist in many sections of the state are available from The University of Texas Bureau of Business Research.

From rainfall to snowfall, from temperature to growing season, the summaries represent reports from about half of the approximately 200 climatological substations throughout Texas.

Cooperating in the project to record and report on the Texas climate are the U.S. Department of Commerce Environmental Science Services Administration, the University's Cotton Economic Research and Bureau of Business Research.

## Mold A Buffet Salad

This simple and unusual molded salad will add zip to any holiday buffet. The blend of piquant flavors, and contrast in textures makes the combination of a souffle salad with cottage cheese and the clear red of a well-seasoned aspic ideal for a go along with hot casseroles and other spicy food on the table.

**Tomato Cheese Aspic (Tomato Layer)**  
1 envelope unflavored gelatin  
2 cups tomato juice  
1 tablespoon lemon juice  
1/2 teaspoon onion juice  
1/4 teaspoon salt  
Dash pepper  
**(Cheese Layer)**  
1 envelope unflavored gelatin  
2/3 cup water  
1/2 cup real mayonnaise  
1/2 teaspoon salt  
1/4 teaspoon tarragon, crushed  
Dash pepper  
2 cups cottage cheese

Sprinkle 1 envelope gelatin over 1/2 cup tomato juice. Let soften 5 minutes. Bring remaining 1 1/2 cups tomato juice just to boil. Add to gelatin and stir until completely dissolved. Stir in lemon juice, onion juice, 1/4 teaspoon salt and pepper. Pour into 1 (5-cup) ring mold. Chill until almost set.

Meanwhile, sprinkle 1 envelope gelatin over 2/3 cup water. Let soften 5 minutes. Place over boiling water and stir until gelatin is completely dissolved. Add real mayonnaise, 1/2 teaspoon salt, tarragon, basil and pepper. Beat with rotary beater until smooth. Stir in cottage cheese. Chill until slightly thickened. Pour over tomato layer. Chill until firm. Unmold to serve. Garnish with salad greens, if desired. Makes 6 servings.

**Rogers School Library Receives Memorial To Mrs. Addie Ward**  
A library book has been donated to the Rogers Junior High School library in memory of Mrs. Addie Ward who died in Houston recently after a long illness. Mrs. Ward had retired from the Rogers school system at the end of the 1967-1968 school year, after many years of service.  
Mrs. Bessie Shirliff of Pasadena, also a former teacher in the Rogers schools, made the presentation in the form of a check to Supt. B. F. Harbour, requesting that a good book be chosen for the memorial.  
Harbour and Mrs. Ernestine Powell, librarian, chose Mrs. Liz Carpenter's "Ruffles and Flourishes" which was given to Texas with gala celebrations last Saturday.  
Mrs. Carpenter wrote the memorial note in the copy for the Rogers library during the celebrations at Salado, with her signature.

**Take Tip from French, Pound Round Steak and Top with Cheese**  
Start with beef round steak, pound it, braise to fork tenderness, sprinkle with grated cheese and you have Beef Steak Fromage.  
Steak what? Fromage! It's the French word for cheese, hence appropriate for these individual servings of round steak that come to the table crested with cheese to provide a flavorful entree.  
According to Reba Staggs, home economist for the National Live Stock and Meat Board, beef round steak is frequently separated into its different muscles and sold as top round and bottom round. These cuts can be used for Steak Fromage, allowing 1 1/2 to 2 pounds of either for the one large round steak.

**Beef Steak Fromage**  
1 large beef round steak, cut 1/2 to 3/4 inch thick  
1/2 cup flour  
1/2 teaspoon salt  
1/4 teaspoon pepper  
1/4 teaspoon garlic salt  
3 tablespoons lard or drippings  
3/4 cup water  
1/4 cup chopped onion  
1/2 cup grated Cheddar cheese  
2 tablespoons chopped parsley  
Remove bone and pound steak to 1/4 to 1/2 inch thickness. Cut steak into 4 to 6 pieces. Combine flour, salt, pepper and garlic salt. Dredge steak in seasoned flour. Sprinkle any remaining flour over steak. Brown in lard or drippings. Pour off drippings. Add water and onion. Cover tightly and cook slowly 1 to 1 1/2 hours or until tender. Sprinkle cheese and parsley over meat. Cover and heat 2 to 3 minutes longer or until cheese is melted. 4 to 6 servings.

**The Texas Safety Association**  
reminds parents that accidents are the leading cause of deaths among children from one to 19 years of age.

# Schiller Tours Carolina Vo-Tech Training System

By Lloyd Albertson  
Milton J. Schiller of Cameron a vice president of Texas State Technical Institute, was among a group of Texans that attended a seminar and made a tour of vocational - technical training systems in Columbia, S. C., last week.  
He joined Dr. Roy W. Dugger, president of Texas State Technical Institute, and three state Representatives, Bob Salter of Gatesville, R. B. McAllister of Lubbock, and John H. Poerner of Hondo in attending the seminar, which was sponsored by South Carolina's State Committee for Technical Education.  
Rep. Salter is the author of HB 137 that established the FSTL vocational - technical system during last summer's session of the Legislature.  
"Our purpose in making the trip was to find out about South Carolina's vocational - technical training programs since they are well ahead of us and some other states in that field," Schiller said on his return home.  
South Carolina, he explained, now has a vocational - technical system which was started by the Legislature 10 years ago. It has just completed the last of 13 training centers or school campuses. These are located in various parts of the state, usually near different types of industry.  
The three men who authored the South Carolina program are Gov. R. E. McNair, Lt. Gov. West and U.S. Sen. Hollings, who were all state senators when they conceived the vocational - technical training idea.  
Schiller said the Texas group was especially impressed by the way the vocational - technical system had helped bring new industry into the state -- and how it was closely tied in to industrial development. They were told that South Carolina had gained over 240 industries since the program was started 10 years ago.  
"While we were there we saw them get two more life prospects," he commented.  
"We were so impressed we think this idea should be explored further," he added. "Our purpose will be to see how we can better tie Texas vocational - technical programs in with industrial recruiting and development."  
The South Carolina State Committee for Technical Education was headed by A. Wade Martin, an acquaintance of Dr. Roy Dugger with whom he had worked. It assigned a group of staff people to escort the Texas delegation around the state. They toured three of the 13 vocational-technical school campuses during their trip.  
They also were guests of South Carolina's House of Representatives and Senate and had a conference with Lt. Gov. West, Schiller said.  
"We gained some valuable information we can use at State Tech, and the House members got a good deal they can use in future legislation," he added. Concerning Texas State Technical Institute, he said the school is growing rapidly. The Connally campus at Waco now has 2,600 students -- 600 more than during the fall trimester, and offers 54 different courses of study.  
The Rio Grande campus at Harlingen has 512 students at present, Schiller is vice president in charge of this campus. There is a building program now under way, he said, and when completed it is expected that the enrollment will reach 1,000 or 1,200 students this fall.  
Students graduating from the school there are employed at well above minimum wagescales and up to \$9,000 a year. Many students were former migrant workers or on relief before attending the school, Schiller said.

**Alcoholism Basically Physical, Says Houston Psychiatrist-Author**  
Alcoholism is basically physical, not psychological, says a Houston psychiatrist, Dr. Jorge Valles, who was in Dallas recently finalizing plans for the Twelfth Annual School on Alcohol and Narcotics Studies, at Baylor University in Waco, February 20-21.  
According to Dr. Valles, alcoholism is caused by a physical action in the brain, brought on by the alcohol.  
Dr. Valles is also the author of "How to Live With an Alcoholic," published by Simon and Schuster.

**UT FEATURES TRAP DISPLAY**  
Traps used by naturalists to capture small game will be on display through February at The University of Texas' Texas Memorial Museum.  
The traps--designed to capture small mammals, reptiles and birds for study--are made of wood or metal or both.  
Located on the museum's third floor, the display is intended to show the relative advantages and disadvantages of different types of traps as well as the evolution of trap design. Similar traps will be used next summer by Dr. Robert Martin, the museum's curator of zoology and creator of the exhibit.

**Old Drugs**  
"Don't just toss away old medicines," says the Texas Safety Association, "make sure they are completely destroyed."  
Harmful medicines left in incinerators or waste boxes in the yard may be a temptation for small children. TSA suggests medicines, discarded insecticides or cleaning aids be buried or flushed down the drain if practical.

## Toward A Better Census ....

District director of the Census Bureau called The Herald the other day and thanked us for help on advising of the need for census personnel in Milam County. He said the results were impressive in quality as well as numbers of applicants.

Our interest in boosting census work in Milam County is based on need for the most reliable statistics on people and things in this area's history.

The decade of the '70's is going to bring more change and growth to Milam County than any decade since the influx of peoples in the 1890's which sent Milam County's early census years of the 1900's soaring to almost 40,000.

Modern decisions on industrial location, highway development, modern anything is based on the best available information about a city or area. Thus, the 1970 decen-

nial census in Milam County is critical for need of accuracy and completeness.

We opposed the over-personal nature of the census questionnaire proposed and diluted in Congress during the past year or so. But the questions remaining will provide an accurate and valuable outline of the way things are in Milam County.

We may not see a major influx of people, considering housing shortage and the dynamics of new direction still setting in, but we shall see growth in investment, earning capacity, recreation and entertainment, land values and the basic institutions of the area.

An accurate count of what is will have a lot to do with what will be in Milam County by the 1980 census. Our thanks to Mr. Ford, the Waco District director, for suggesting we may have helped. For these reasons, we gladly did.

## 'The Gold Hoard' ....

It's too bad it hasn't been legal for congressmen to hoard gold in the last year or so. They would have lost money as the free market price retreated from a peak of \$44 almost back to the official rate of \$35 -- along with a lot of foreign speculators. And the misfortune might have set them thinking.

How could the dollar be gaining esteem abroad, they would have demanded, when just about everybody had expected the reverse? How could the dollar be gaining value in terms of gold when it has been losing value faster than ever in terms of purchasing power...?

There are a number of partial explanations. Some attribute the miracle to the two-tier market for gold which was set up in March, 1968, separating the official market from the free market. But this was merely a means of stalling for time; in itself, a dual market is a piece of economic fiction that cannot long survive.

The accumulation of South African gold hanging over the market is another factor -- but, again, not the decisive one. For years, South Africa sold all of the gold it produced and still the demand for it went up. Indeed the demand by hoarders and others was so great that the supply of gold held by monetary authorities actually declined. If all else had remained the same, this would still be true, with or

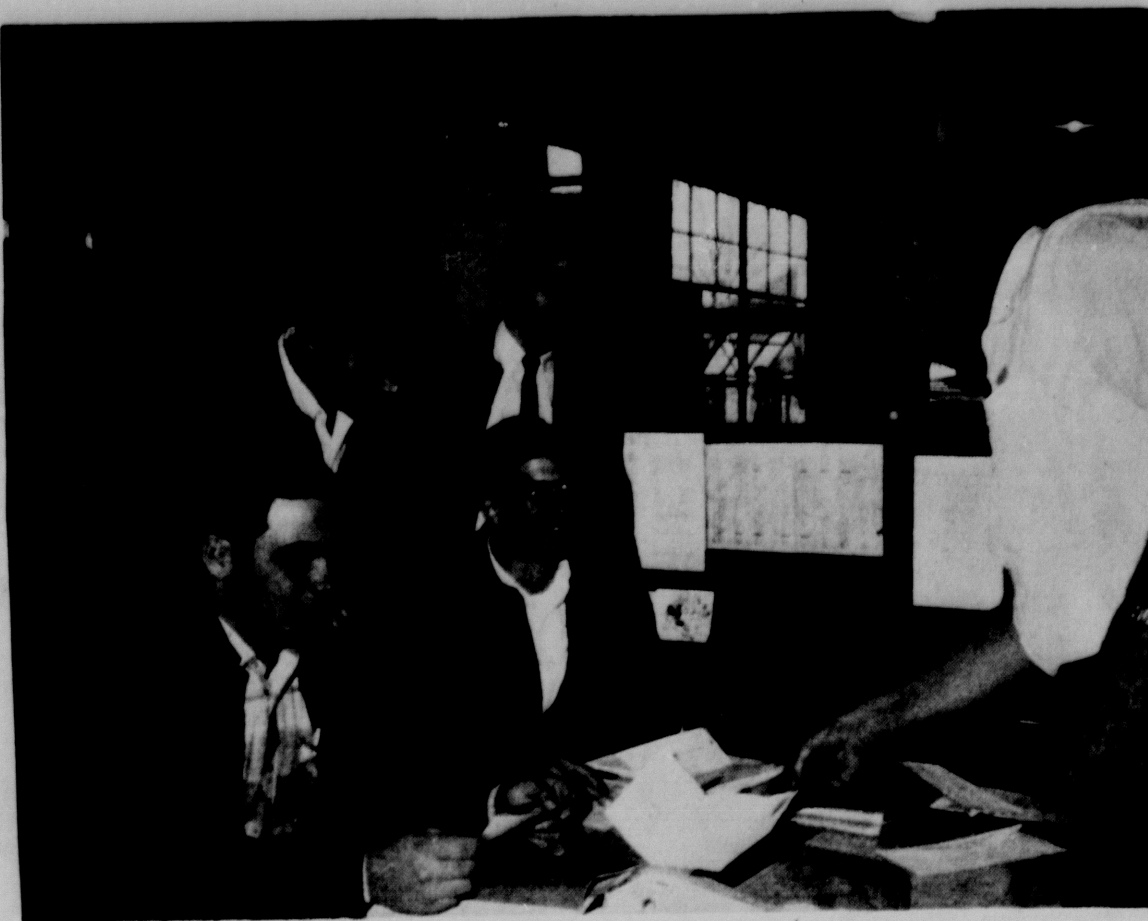

without the dual market. Hoarders and other users would have continued to gobble up South Africa's output, and the unofficial price would have continued to rise.

The adjustments in value of the franc and the mark have shaken some of the imbalances out of the money market, but this could have only an indirect effect on the dollar. The plan to use "special drawing rights" in place of gold in foreign exchange has helped diminish the glitter of gold, but few bankers expect SDRs to displace gold.

The basic explanation, as Economist Melchior Palyi pointed out, is the simple one that hoarders no longer anticipate a devaluation of the dollar. And the chief reason they are no longer counting on devaluation is that they can observe the efforts of the Nixon administration to stop inflation, both by holding down spending and by allowing interest rates to reach record highs....

In short, they are gambling that the United States will succeed in curbing inflation. The more Congress cooperates in this effort, the more it will contribute to confidence in the dollar. The more Congress dawdles around and toys with politically motivated schemes for excessive tax cuts and easier money conditions, the quicker foreign speculators will revise their thinking and turn against the dollar again.

## THE FAMILY LAWYER

### Gay Divorcee

Marty, a divorced man, was fit to be tied when he found out that his former wife was doing a lot of drinking. What irked him most was that he was still sending her an alimony check once a month.

Finally, Marty went to court to demand a reduction of his alimony payments.

"I work mighty hard for that money," he informed the judge. "Why should I have to pay for her alcoholic binges?"

However, he failed to win the reduction he sought. The judge said once his ex-wife had possession of the alimony, she had a right to spend it any way she pleased.

Most courts have taken a similar, hands-off attitude regarding the behavior of a divorcee. In fact, they have refused to cut her alimony even when she has engaged in immoral conduct with other men.

One court summed up the matter this way:

"After the divorce, the parties go into the world as strangers to each other. (The wife) no longer owes any duty of purity to the husband."

Nevertheless, judges sometimes do reveal a degree of uneasiness about the gay divorcee, as well as a degree of sympathy for the ex-husband—forced to foot the bills for a woman who is not behaving the way she should.

Accordingly there is a tendency to grant a reduction in alimony if, as a result of her misbehavior, the divorcee's financial needs are actually less than they were before.

That kind of situation arises, said one court, when some new boy friend has taken on the task of supporting her.

And another court gave at least a measure of consolation to a disgruntled husband. The court pointed out that if his former wife's misconduct would not be grounds for moving the alimony figure down, neither would his own misconduct be grounds for moving the alimony figure up.

Miss Nora Jean Price  
Weds Kenneth Rudloff

In a candlelight ceremony at 7 p.m., January 24 in the First Baptist Church of Hamilton, Miss Nora Jean Price became the bride of Mr. Kenneth Wayne Rudloff of Brownwood. The double ring vows were read by the bride's father.

The bride is the daughter of Rev. and Mrs. Wright M. Price Jr. of Flat, formerly of Hamilton. She is also the granddaughter of Mr. and Mrs. W. M. Price, Sim Fuller of Dallas, the groom is the son of Mrs. Dollie Boyd of Brownwood and the late W. A. Rudloff.

Traditional wedding music was played by organist Judy Horton of Brownwood who sang "The Twelfth of Never" and "The Lord's Prayer".

Given in marriage by her father, the bride wore a gown of imported English applique lace on white chiffon over fitted white taffeta and long puffed sleeves. Her white chiffon train was bordered with wide bands of taffeta and embellished with lace appliques. Her white illusion veil was attached to a hand-blown glass tiara and she wore a heart pendant, a gift from the groom. She carried a cascade of daisies and white roses.

Dianne Mobley was her sister's matron of honor and Dora Jane Price, twin sister of the bride, was maid of honor. Arlette Tillman was bridesmaid. They wore royal blue Peau de soie gowns with empire waists accented with a light blue velvet bow and streamers flowing down the back. They wore large blue satin bow headpieces on 'royal blue net and carried bouquets of light and dark blue feathers.

Dalton Rudloff of Stephenville, brother of the groom, was best man. Groomsmen were Dudley Boyd and Donnme Gay both of Brownwood. Seating the guests were Paul Rudloff of Lovington, N. M., cousin of the groom; Nathan Cousin of Flat, brother of the bride; and Jerry Mobley of Brownwood, brother-in-law of the bride.

### You Don't Say . . .

OLD BATTLE-AX  
if you wish to correctly label THAT WOMAN in your office,  
Is she sharp-tongued, loud-mouthed, quarrelsome and shrewish? Does she curse and yell, and lack the gentle qualities we associate with womanhood?  
Call her a VIRAGO (vuh RAY go). It means all the above, more besides, and—by the time she looks it up—you can be out of sight and she—left with her conscience!

### TRAVEL SLIDES ARE SHOWN FOR BPW PROGRAM

Slides of travels through England, Scotland and Ireland were the program for the Business and Professional Women's meeting Monday evening at the Cameron B&PW Club House.

Rev. and Mrs. Wirt Skinner presented the program of slides and told about their year in Scotland and their travels in the British Isles.

The hostess, Miss Hazel Williams, served cherry pie and coffee to members and guests following the program.

### BOOK REVIEWED FOR THREE ARTS CLUB PROGRAM

Mrs. Bob Curry of Temple reviewed the book "The Games People Play" for the February Three Arts Club meeting at the home of Mrs. Edward Schiller. She was introduced by Mrs. Robert Ellett.

Mrs. T. D. Corley presided during the business meeting in the absence of the Club president, Mrs. Dan McDaniel.

Following the program cherry tarts and coffee were served.

Hostesses for the afternoon were Mrs. Bernay Dusek, Mrs. Stewart Perkins and Mrs. Schiller.

District 19-AA Champs!!! That sounds great, and all because of our basketball team's victory over Round Rock Friday night. The gym was full, and if YOU weren't there, you really missed an exciting game. We are all very proud of you. Now let's beat Luling in bi-district.

Congratulations to Edward Whitley--1970-71 Student Council President. John Ben, your campaign speech was—unusual, to say the least!

Corliss, that was your car! I'll bet if the note hadn't been there, you would never have known!

Mr. Carney, we're glad you're back! Hope you enjoyed the "music meeting" you attended. However, I'm sure you never worried about us since we're all such little angels all the time. I hear you Mrs. Stanislaw, hope you survived those days! Miss Smith, hope you also enjoyed your teachers' meeting. We missed you!

To one of our faculty members, red means stop and green means go! REMEMBER? Yellow does not mean pass the car in front of you!

Jinny, about twirling on Friday, didn't you forget your uniform? Anyway, you thought you had for a minute.

To the Dodsons and Marion Thomas, WE ALL ENVY YOU! They went to New York City for a convention this weekend. I know

you had a blast. We all thought of you, Marion, in Chemistry—that is, between jokes. Mrs. Nance, I'll bet that was the L-O-N-G-E-S-T twenty minutes you've ever spent!

Miss Rosson, what was that about foam rubber? In that case, unfortunately enough, I don't think that was quite it!

A REMINDER—don't forget the Senior Play Friday and Saturday nights. I'll see YOU there!

Congratulations to Connie Richardson in receiving an award for the outstanding football play—it's the second year he has received it. And, congratulations also to Cindy Niglaizzo who was named football sweetheart at the banquet. Jerry, you may give her the flowers!

QUOTE: This is the earliest piece of advice that my father, now gone these many years, imparted to me, "You are stubborn and I am going to spank you, but don't take the spanking too seriously; stubbornness may be one of man's most valuable assets." I was about six at the time and I have no doubt that his reflection on my nature was correct and that he was entirely justified in whaling the seat off me. Nevertheless, my talent for cussedness has persisted and even today I sometimes have to scold myself, though apparently to no avail.

While I appreciate that orneriness is not a trait likely to win friends or influence people, I wouldn't trade it for a gold mine. Father was right—a set jawbone is as profitable to a man in my trade as it is to some other fellow in commerce, prize fighting, matrimony, or any other such hazardous profession.

Stubbornness, true, may be futile, if it proceeds merely from foolish pigheadedness. But it is the result of decision fostered through trial and error and when sharp critical analysis gives it body. Then, let them spank you all they wish to, but stick to your guns, and you will, God with you, capture the hill.

### Miss Mercer Cited By Blinn Faculty

### DELPHIAN CLUB MEETS WITH MRS. NILEY SMITH

"Law and order monitor future endeavors" was the subject of discussion at the monthly meeting of the Cameron Delphian Club at the home of Mrs. Niley Smith Sr. on February 17th with Miss Maurene House as co-hostess.

Mrs. A. W. McCullin, president, reported that the Big Texan project sponsored by the Texas Federation of Women's Clubs proposed the purchase of 30,000 acres of land for a natural wild life reserve. Each club member was asked to contribute in letters and money toward the purchase of the land.

Program of the day consisted of parliamentary drill by Mrs. J. A. Bowling followed by a listing of the qualities of a woman's club leader by Miss Maurene House.

Mrs. E. A. Perrin and Miss Mary E. distributed 88 valentines and visited in the Cameron nursing homes on February 14.

Ribbon sandwiches, nuts, valentine hearts, cakes squares, and punch were served to 15 members and 2 guests, Mrs. Sam Harrell and Mrs. H. J. Swink.
